Research Profile: <https://www.researchgate.net/profile/Mayt-Grace>

Portfolio: <https://maygrace06.github.io/>

Dedicated strategic operations and program professional with over eight years of combined experience in grassroots empowerment and corporate sustainability. Specialize in translating complex climate data into actionable frameworks, holding an M.A. in Environment, Development, and Sustainability from Chulalongkorn University. Support organizations through critical growth stages, contributing to their transition from start-up to maturity. Manage cross-functional workflows, utilizing CRM and automation platforms to track, integrate, and optimize complex backend data management. Bring proven expertise in multi-country program coordination, stakeholder engagement, business development, and ESG reporting.

EDUCATION

Chulalongkorn University (Bangkok, Thailand) (Aug 2023 – Jul 2025)

Master of Arts in Environment, Development and Sustainability

- GPA 3.8/4.0
- Recipient of ASEAN Scholarships and CMLV Scholarships
- Conducted research on “Assessing the Socio-economic Impacts of Solar Irrigation in Myanmar: A Case Study of Smallholders”.

Myanmar Institute of Theology (Liberal Arts Program, Myanmar) (Oct 2012 – Sep 2016)

Bachelor of Arts in Social Studies

- GPA 3.4/4.0

Yangon University of Distance Education (Myanmar) (Jun 2011 – Oct 2015)

Bachelor of Arts in English

- GPA 3.2/4.0

PROFESSIONAL EXPERIENCE

Banyan Partners (Dec 2025 – Present)

(Headquarters: Bangkok, Thailand)

Lead, Strategic Initiatives & Operations (Thailand, Myanmar)

- Manage cross-functional operational workflows, utilizing CRM and Automation Platforms to track, integrate, and optimize complex backend data management.
- Direct International Schools Partnerships, executing comparative analysis of educational pathways and curriculum requirements to drive institutional collaboration.
- Manage Marketing Operations and business development activities, driving cross-team alignment on key organizational priorities.
- Lead operational infrastructure and partnership initiatives across the firm’s broader portfolio.
- Facilitate strategic development through the creation of comprehensive frameworks and proposals for Grant Applications and community-focused initiatives.

Agros (Agrosolar)

(May 2021 – Oct 2023)

(Regional Operations: Southeast Asia)

Agros is a social enterprise focused on sustainable agriculture and empowering smallholder farmers through solar irrigation technology and market access.

PR & ESG Manager (Southeast Asia)

- Managed multi-country ESG data, using CRM and Data Analytics platforms to track, analyze, and report on key Environmental, Economic and Social Impact Metrics.
- Led ESG projects for the company's Annual Impact Report, coordinating with cross-functional teams to ensure the timely achievement of Project Milestones.
- Facilitated Grant Acquisition and managed Donor Relations through the preparation of comprehensive reports and Policy documentation.
- Conducted Market Research to support the company's expansion initiatives in Southeast Asia.
- Supported strategic Business Development activities and managed Public Relations, including management of the corporate Website and LinkedIn channel.

Greenlight Planet (Sun King)

(Mar 2018 – Apr 2021)

(Global Operations: Africa/ South Asia/ Asia-Pacific/ Latin America)

Greenlight Planet designs, distributes, and finances solar-powered home energy products for off-grid communities.

Sales Operations Specialist (Myanmar)

- Developed and implemented strategic Sales Plans for field teams of 100+ sales agents, resulting in increased revenue and expanded market reach.
- Utilized Looker (BI) and CRM systems to monitor sales performance, identify new business opportunities, and inform Strategic Planning by the Country Director.
- Fostered and maintained relationships with Donor Organizations and managed Project Impact data for Stakeholder Reporting.
- Supported Business Development initiatives by identifying potential new sales channels and Partnerships to drive Market Expansion.
- Provided operational support to the Human Resources, Finance, Risk Management and Marketing departments in Myanmar, collaborating with the regional headquarters in India.
- Achievement: Received the Dedicated Service Award for outstanding contributions to the team.

KEY PROJECTS

Hospital Management System (STEM project - SMU)

(Jun, 2025)

- Designed and developed a database-driven system to streamline patient data and appointment scheduling, applying Python programming and system design principles.

Women's Rights Consultant (ActionAid Myanmar)

(Sept - Oct, 2016)

- Conducted on-site data collection and community awareness campaigns on women's rights, using the findings to provide subject-matter expertise for the program development and advocacy efforts.

Peer Educator & Trainer (Precious Stones INGO)

(May, 2011 - Oct, 2016)

- Delivered comprehensive (5+ years) empowerment programs for marginalized youth, facilitating curriculum on life skills, education, vocational training, and child/women's rights.

Volunteer (Biodiversity And Nature Conservation Association - BANCA)

(April, 2014)

- Participated in biodiversity field surveys and community engagement initiatives to support local conservation efforts in Myanmar.

PROFESSIONAL AND TECHNICAL CERTIFICATIONS

Foundations of Sustainability and ESG (Credential)

(Aug – Nov 2025)

University of Oxford (UK)

- Evaluated major sustainability challenges facing business and society, exploring how organizations leverage specific ESG metrics and data frameworks to effectively address them.

Python Programming Essentials (STEM School - SUM, 2025)

(Apr - July, 2025)

- Completed training in Python, covering programming fundamentals, object-oriented programming (OOP), GUI development, and database integration with MySQL.

SAP Analytics Cloud training (ASEAN Data Science Explorers 2025)

(Apr - May, 2025)

- Received training in SAP Analytics Cloud through a joint enablement session hosted by the ASEAN Foundation and SAP.

GIS for Climate Action (ESRI)

(May - Jun, 2024)

- Acquired skills in using Geospatial Information Systems (GIS) to analyze climate data, map environmental changes, and support climate action strategies.

Climate Leader Initiative (Development Innovation Insider)

(Nov - Dec, 2022)

- Completed a program focused on protecting vulnerable groups, sustainable agriculture, disaster management, and green energy solutions like hydrogen and biomass.
